

Advancing Practice in Pain Management and Beyond

Virtual Study Day

Thursday 13 May 2021

Aims:

- Explore a wide range of issues relating to aspects of pain management from acute, chronic and cancer pain.
- Develop insights into strategies for improving pain services.
- Gain support and advice in developing a career within pain management.

Audience:

All healthcare professionals working in or interested in a career in pain management.

Posters Competition:

All delegates are invited to submit a poster abstract for consideration for display during the conference. All submission will be reviewed by the committee with the top three abstracts invited to give a 10min oral presentation as part of the conference program.

For more information and to submit please visit
